VICE PRESIDENT'S MESSAGE

Hi All,

I'm moving ahead and scheduling the TEC center again this year for our meetings and we will be holding the October 9th meeting at the TEC Center. However, for October ONLY there is a minor conflict with the school and our meeting starting time. Starting at 7:30 p.m. is fine but please request that members NOT show up much before 7:30 because the school is holding parent/teacher conferences that evening and they will not be finishing up with using the meeting room much before 7:30. If members do show up before 7:30 please wait in the parking lot until the building is available. The school is doing us a favor by renting the room to us and I would like to remain on their good side by being accommodating tenants.

There are not any minutes from the September meeting because all of the club officers were out of town. Dean Chandler agreed to conduct the meeting at the flying field but from his report it was raining that evening and only 4 members (including him) showed up. As a result no business was conducted. Just an additional reminder, if you are the last to leave the field, lock the gate by locking the club lock directly onto the padlock supplied by the city so city emergency crews can gain access by using the city padlock. There have been several times that I've been the first one at the field and the club lock has been secured directly onto the chain bypassing the city lock.

Officer elections are held in November and if anyone is interested in running for an office they should contact any of the current club officers.

Thanks, Rich Anderson

Editor's note: In 2003, I will be unable to perform the duties of co-editor for our newsletter so I encourage someone to come forward to fill this position.

Thanks, Steve Croft

BAS MEETING MINUTES

The September meeting was rained out. Four members were present. Dean Chandler held a brief meeting. No club officer was there to record the minutes.

The Inverted Flyer is published monthly by the Boulder Aeromodeling Society as a service to its members. Submissions for publication are encouraged and can be but are not limited to: articles pertaining to Aeromodeling, letters to the editor, short news items of general interest to BAS members, and announcements. Space permitting, all submissions will be published except as follows: no anonymous letters or any submission containing morally objectionable content or language, as judged by the editor. Classified ads will be provided to the members of BAS free of charge. The deadline for all submissions and classified ads will be the first of the month for publication on or about the first Wednesday of the month. Opinions expressed in the Inverted Flyer are not necessarily those of the Boulder Aeromodeling Society general membership.
