

**BAS CLUB MEETING - Minutes**  
**Held on line via Zoom**  
**December 8, 2021**

The meeting was called to order at 6:30 pm by President Aidan Sesnic. There were 7 people participating on line via Zoom.

The Minutes of the November meeting were approved as posted on the website.

The Secretary had nothing to report, and the Safety Officer was not present.

Dean Ehn reported on the state of the treasury. Our balance is slightly lower than last year at this time due to the large expenditures for the field this year.

Float Fly Chairman Ken Jochim noted the arrival of the "Furman Curse", causing limited opportunities to float fly. Hopefully we can get another day or two in before the Rez freezes.

Membership Chairman Chester Shans reported that we are still at 97 members, with 29 in the float fly group. Renewal applications are now being accepted

Webmaster Mike Gulizia reported that there is an incompatibility between Adobe PDF and the newer browsers regarding the online version of the membership app, in which the "print" button won't work with Chrome and Edge. Just print the form using your browser's print capability instead. Mike is waiting on Adobe for a fix to the problem

Old Business:

President Aidan Sesnic noted that the Elections of Officers will be at the December meeting. The current officers have agreed to run again, and there was also an indication that a new member might run for an office as well.

Ken Jochim indicated that the gutter replacement on the shelter is scheduled to be completed in the next couple of weeks.

The election of officers was held. The current officers were unanimously re-elected for the 2022 year.

Chester has been out of town, so there is nothing to report on the new signs for the field.

New Business:

The stock of replacement windsocks has been depleted. It was moved that \$100 be allocated to purchase replacements. Rudy Furman will look into this.

The meeting was adjourned at 6:42 pm

Respectfully submitted,

Ken Jochim, Secretary
