

# THE INVERTED FLYER

NEWS of the BOULDER AEROMODELING SOCIETY  
AMA Charter # 906

## February 2019 Edition

### Membership Renewal Time!

It's time to renew your club membership for 2019! The renewal form is enclosed at the end of this newsletter, and can be mailed to our new membership coordinator, Chester Shans.

### BAS Meeting Minutes, 1/9/2019

HobbyTown USA Longmont

The meeting was called to order at 6:30 pm by President Aiden Sesnick. There were 14 members present.

A motion to approve the minutes of the previous meeting was made by Ken Jochim. Motion passed.

Treasurer Dean Ehn reported on the state of the club finances.

Secretary Ken Jochim reported that the new officer names have been submitted to AMA. They should be available at the [modelaircraft.org](http://modelaircraft.org) website.

New membership chairman Chester Shans reported that so far this year, 25 membership renewals have been received. This includes 13 in the float fly special interest group.

Al Coehlo mentioned that we will need to get Aiden a copy of the club membership program, and explained what that can be used for.

#### Old Business:

Mike Gulizia noted that the flight rules have been posted on the website in draft form for some time, and that we needed to formalize them. He made a

motion to accept them as published, and it was approved. Chester Shans indicated that he would get the new rules signs printed and posted.

#### New Business:

Mike Gulizia indicated that it was time to get started on the annual financial Audit, and it would take a few months to gather the materials and do the review.

Chester noted that Aiden needs to replace him on the signature card for the checking account.

Aiden indicated he had attempted to meet with the Boulder Airport Manager to discuss the annual agreement, but that the city was changing managers, so the topic was deferred until that is finalized.

There was a discussion regarding field restrictions and the potential for having an area for FPV quad racing area. No action was taken at this time, pending determining this year's restriction environment. For now, Quads can fly from the Helicopter pad.

A motion to adjourn was made and approved at 7:13 pm.

#### Show and Tell:

Boris Sergeev showed us a 3D printed mold he made so he could cast a carbon fiber bracket for his 3D printer. He also displayed a 3D printed roller assembly for holding a roll of 3D filament. Impressive!

Respectfully submitted,  
Ken Jochim, Secretary

Jim Smith

**Next Meeting 6:30 PM, Wed Feb 13th, at HobbyTown Longmont**

### THE INVERTED FLYER

Editor: James Mack

The Inverted Flyer is published monthly by the Boulder Aeromodeling Society as a service to its members. Submissions for publication are encouraged and can be but are not limited to: articles pertaining to Aeromodeling, letters to the editor, short news items of general interest to BAS members, and announcements. Space permitting, all submissions will be published except as follows: no anonymous letters or

any submission containing morally objectionable content or language, as judged by the editor. Classified ads will be provided to the members of BAS free of charge. The deadline for all submissions and classified ads will be the first of the month for publication on or about the first Wednesday of the month. Opinions expressed in the Inverted Flyer are not necessarily those of the Boulder Aeromodeling Society general membership.
