This is to remind old members and alert the new members about this discount program at Hobby Town.

Gary Kolm (aka Hobby Town) has informed us that he is running his “**employee pricing** “ promotion for all club members. All you have to have is your current BAS. card along with your AMA card and you are in!

Now normally this is only at Christmas time but the word on the street is that Gary (aka Santa) will make this available to our members all year long. Wow! You can buy just like you worked at the store without ever having to punch a time clock.

Doesn't get much better than that.

Thank Gary the next time you see him hard at work in the store.

David Goodnow reminds members that at this months meeting nominations for next years club officers will take place.

Want to serve your club as an officer now is your opportunity to do just that.

Our club has set aside Thursday evenings as flight training instruction at the field. Al Coelho, James Mack and Rich Anderson have agreed to be instructors for the Mal Meador Youth Training Program and will be at the field on Thursday evenings (weather providing) to provide instruction. The main focus will be for youth instruction, but anyone looking for help in learning to fly is welcome to come on out. Futuba and JR/Spektrum Buddy boxes are available to help get new students in the air. The information on the youth training program can be found on our web page. If you have questions or would like some help learning to fly contact.
