

# THE INVERTED FLYER

NEWS of the BOULDER AEROMODELING SOCIETY  
AMA Charter # 906

## November 2013 Edition

Ken Miller Editor # 64

If you don't have a quadcopter with a camera and a laptop computer to find your lost airplane out in the brierpatch.

You could do like BAS member David McClintock, get a tall step ladder and move it around a few times till the lost airplane is found. (only after the restrictions are off)

Or better yet don't land out there in the brierpatch, land on the runway.

## Last installment of the job descriptions

Over the past few months we've described all of the elected officer and appointed positions that it takes to keep BAS operating as a first rate Club. As stated at the outset, most of these functions have been carried out by veteran members for many, many years. And the time has come to let at least a few of them pass on their knowledge and 'retire' to a leisure life of flying.

When one reads all the varied functions it sounds complicated. It really isn't. All that's required is a little time and the wish to help the Club thrive in the future for those who will surely follow. With nominations scheduled for the **November meeting**, I hope at least several members are considering throwing their hats in the ring to help secure that future.

If you would like additional information, please feel free to contact me at my email

## Boulder RC Forum

RC Groups is a free web site with hundreds of forums where flyers with similar interests can post & read messages & notices of any subject. I post and read several RC slope forums on RC Groups to stay in touch with the RC slope pilots.

I created an RC Groups forum (thread) about a year and a half ago for our Boulder Model Airport Chandler Field.

The forum can be used to...

- Announce your intention to going out to fly
- Give conditions updates at the field (using smart phones)
- Post pictures
- Give comments
- Ask questions and give advice

And use this thread on the forum to stay in touch about what's happening.

Come on over and give it a try.

**Greg Hine**

"Tis better to be on the ground wishing you were in the air, than to be in the air wishing you were on the ground."

I was visiting my granddaughter last night when I asked if I could borrow a newspaper. This is the 21st century," she said. "I don't waste money on newspapers. Here, use my iPad." I can tell you this. That fly never knew what hit him.

**BAS MEETING MINUTES HOBBY TOWN USA LONGMONT CO 10/9/2013**

Meeting called to order by 1<sup>st</sup> Vice President Augie Bruno at 6:30 pm with eleven members present. Augie stated that President Dave Goodnow would like him to fill in for him maybe for the rest of the year because of our recent flood problems making it difficult for him to attend the meetings. Motion by Dean Ehn with a second by Ken Miller to accept the minutes of the last meeting as they appeared in the last news letter. Motion was voted on and passed.

**TREASURE REPORT**--Treasure Dean Ehn gave a detailed report of the clubs finances.

**1ST VICE PRESIDENT REPORT**--1<sup>st</sup> Vice President Augie Bruno reported the club now has 93 members with 27 members belonging to the float fly group.

**2nd- VICE PRESIDENT REPORT**-- 2nd Vice President Joe Sherran was not present at the meeting. No report given.

**NEW BUSINESS**--Augie reported that Dean Chandler is home from the hospital. He is recovering at home but to make matters worse Rich Anderson stated he has suffered flood damage on his property. Augie Bruno and Rich Anderson visited with Jerry Hahn's daughter on how to dispose of the model airplane kits she has. Jerry is in poor health and they want to know what they can do with all of his kits. A discussion was held and Dick Myron suggested maybe the best thing to do would be to have a garage type sale. Augie said he would get in contact again with the daughter to see if it would be OK with her. Augie stated that next meeting November 13th we will have nominations for next years clubs officers. The drawing for the \$20.00 gift certificate was won by Dean Ehn. Motion by Dean Ehn with a second by Augie Bruno to adjourn the meeting. Motion voted on and Passed.

Respectfully Submitted Rudy Glick

**Members November Birthdays**

**Augie Bruno**

**David Hitch**

**Cole Beasley**

**Michael Morter**

**Steven Croft**

After many years as head of the peanut gallery, Rudy Furman was caught in the act of flying a Model RC Airplane at Chandler Field. The big question?

Is He Possessing a Current AMA CARD???????

See Web Page for Event Lists, Media Gallery, Local Weather Stations, Classifieds, Member List, Club Officers, Newsletters and Youth Training Program.
