Notes from the President

HAPPY NEW YEAR AND SAFE FLYING

As we start the new year, I think we carry forward one bad note from last year and that is the conflict between the Combats flyers and the Racers. I know of only one way to solve the problem and that is to resolve to get along and share the field. I think this can be done in a very gentlemanly manner with no hard feelings.

The next subject is the second Vice President opening. At the election meeting, I said the By-laws state that the election for VP is singular. This is true in Art.2,Para2. However in Art. 1, The By-laws allow for more than one V.P. Since we need more than one V.P., and after consulting the other V.P. candidates, Steve Croft has accepted the position contingent upon a vote of the members at the next meeting.

Field status: A city meeting is expected in January.

The Outhouse: Dean Chandler emptied it after the late Dec thaw. Than you Dean. We could not get it pumped because of the ice. The other issue on the out house is the two holes in the North side from either rocks or guns. We did see some marks on the East side indicating someone threw batteries at it and cracked the wall. Please be watchful for this type of thing. We have notified the police. The next subject is Revision A to the Constitution and By-laws which is included in the news letter. Rev A clarifies the nominating and voting process. The officers have approved these changes and there will be a vote at the next meeting.

One continuing item is the paving project. It has been suggested that we go ahead and pave the taxi ways. We will see how much we have in dues this year and I want to encourage anyone in making a pledge. We will renew these pledges when we get the quotes hopefully in March. The next item is the dues that are due in march in order to re-charter with the AMA. Also, you need to have paid the AMA dues to be insured. I want to emphasize that we have some noise restrictions and mufflers are required on all Planes. We don't want any complaints.

Wendell Wickstrom, President.

Notes

Is it 2001 already? I wish it wasn't, I didn't get enough done last year. I'm not getting enough done this year!

Just a reminder; I always need stuff to put in the newsletter. If you want to write up an article and mail it, or e-mail it (preferred) to me. I'll get it into the very next letter that has room.

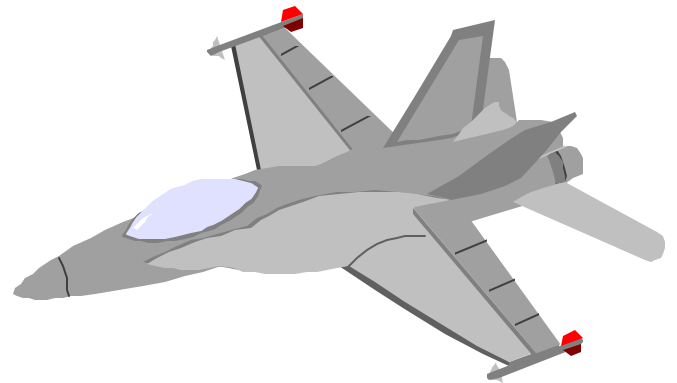

Please let me know when you notice errors in the Inverted Flyer. I don't plan on being at the field anytime soon, maybe not this year, but I do have good telephone service and my e-mail seems to work. (see the top of the letter for both numbers.)

The middle pages of this edition of the Inverted Flyer are devoted to the BAS Constitution and By-laws. They make interesting reading, so... Read them and come to the next meeting on January 31.

The Jeffco Auction is happening on February 3rd & 4th. You can check in your stuff on Friday afternoon the 2nd or on Saturday morning. This is one of the biggest RC happenings in the country. Go just for the fun of it!

One more thing... I will be overseas in May and will not be publishing the newsletter. If you want to volunteer to publish the Inverted flyer in May just let me know.
