CLUB MEETING: *October 13, 2004* at 7pm  
Boulder TEC Center  
6600 Arapahoe Ave.  
opposite Valmont power plant  
**BRING A MODEL!!!**

### REMINDER

The last person to leave the flying field needs to ensure that the gate to the field is locked. The gate must be locked with the club's padlock locked through the city's lock in order to allow the city to have access to the field.

Any maintenance work at the field must be coordinated and approved by club officers and Boulder City staff. All maintenance work to be done at the field must first be coordinated with club vice president Rich Anderson (303) 652-2224. Rich will coordinate requested projects with club officers and Matt Claussen with the Boulder City Parks and Recreation Department, and if the project is approved dates will be established for the work to be done.

### FIELD PARKING

There are parking spaces at the field marked and designated as handicap parking. We've been notified that if City Park Rangers see vehicles parked in those stalls without a proper handicap tag displayed they will start issuing violation tickets. **The fine for this type of ticket is \$125.00.** All members need to be aware that, if you park in a handicap stall without a tag and a ranger comes by, it could become *an expensive day of flying.*

### BAS MEETING MINUTES

July 11, 2004

President Augie Bruno called the meeting to order at 7:05 pm. The meeting was held at the Chandler Field.

### Minutes

Reported in the Newsletter.

### Treasurers Report

\$7709.37 with outstanding bills of \$50.00.  
New signs estimated to cost \$400.00 plus tax.

### Old Business

Reminder of the field workday scheduled for Saturday, September 18<sup>th</sup>. Club members asked to bring weedeaters, tools, etc.

President Augie reported that the picnic was a great success, with about 30 people attending.

### New Business

Rich Anderson reported on the meeting space at the Vo Tech. Rates have been raised from \$36.00 per night to \$72.00. Application has been made to rent a classroom, which rents for \$27.00 pre night. After confirmation is received, Rich will contact the school to see if the Club can continue to use the current space.

The classroom is located on second floor, which is on ground floor on the back of the building. The next newsletter will be delayed, allowing time to get parking and entrance information.

Arnold Peckar distributed fliers announcing the Arvada Club's Model Airshow, which will be held on Saturday, September 11<sup>th</sup>.

Arnold also updated the Club on his experience of flying cross country with teenage pilots this summer. One of the pilots, Scooter Mainero is a member of the Club. Arnold talked about their experiences in Oshkosh, WI and had some newspaper articles from towns where they stopped along the way.

## Fun Time

Boris Sergeev showed a new plane that was made in the Ukraine. Boris explained that modelers there mostly use composite materials instead of balsa.

With no further business to discuss, the meeting was adjourned at 7:30 pm.

Respectfully submitted,  
Russell Larsen, Secretary

### Message from Rich Anderson

I just received word from the school district that we do have the TEC Center reserved for our monthly meetings again this year. I'll be going over today to sign the contract and make payment but they told me on the phone that we do have the same room again. Given that information are able to send out the current newsletter to let everyone know that we will be meeting at the TEC Center this month?

Thanks,  
Rich

### Pictures from August 2004 Fun-Fly

The area was filled with flying witches...

Rooney family team is about to take this P38 to the air.

She flew well indeed!

Watch out for flying witches and electric powered brooms sticks!

## KEEP SMILIN'

The candidate will be immediately denied entry to the club if he/she is in possession of any of the following deeply incriminating items:

- A GI\*der
- A German slope-top transmitter
- A mobile telephone
- A set of unflatteringly cut-off jeans
- A h\*lic\*pter
- An unfortunate girlfriend with pierced eyebrows
- A tattoo (those those with temporary tattoos may re-sit the test at a later date)
- A bootle of Morgan Coolpower in a silly cooler bag
- A car boot full of fast food containers
- A beige Lada [*late Russian knock-off of Fiat 1966*]
- A flat ni-starter
- A Volvo estate [*I guess, Brits call station wagons this way*] with an "I Stop For Horses" sign in the back window
- A flat cap and a whippet
- A pair of rusty prop-pliers
- A transmitter tray
- A Shock Flier
- Comfy, elasticated-waist trousers
- Tatty, once white, Nike trainers
- A baseball cap
- An IQ reducer (baseball cap worn in reverse)
- An el\*ctric model
- A Volvo estate with an "BARCS" sign in the back window
- A pre-paid prescription for Preparation H
- A Feng Shui model box
- A model box made from a polythene bucket
- A car displaying an EU badge
- A car displaying "Baby on Board" sign in the back window
- An earring
- Two earrings, one through the nose
- A BMW fitted with flared arches, fat wheels, furry dice and silly aftermarket accessories
- A car displaying a mystic chrome fish on the boot

In addition, club membership should be expressly denied to:

- Any member, who has forgotten to take his medication

- Any modeler, who always sees the funny side of a crash
- Any pylon racers
- All Guardian readers
- All soap-dodgers
