

March 2018 Edition

From the Editor

CLUB DUES ARE DUE!

If you have not yet paid your 2018 dues, now is the time to renew! The gate code to the field has been changed, and by April, newsletters will only be distributed to active members. The renewal form is included on the last page of this PDF, and can also be found on the club website at

<http://www.boulderaero.org/>

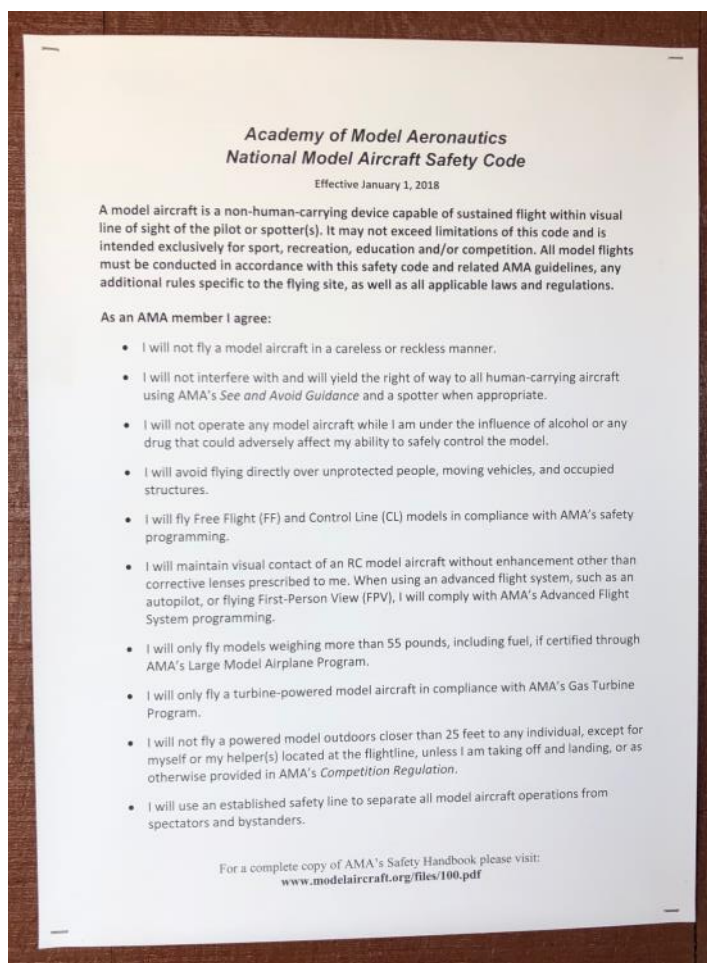

Sincerely,

James Mack

jmack@jmack.net

Updated Safety Code

An updated AMA safety code has been posted at the field. Please be sure to look it over to make sure you're compliant with any new rules

BAS Meeting Minutes, 2/21/2018

HobbyTown Longmont

Meeting was called to order by President Chester Shans at 6:30 pm. There were 8 members present.

Mike Gulizia moved that the minutes from the prior meeting be accepted as published. Motion passed.

Dean Ehn reported on the club finances. It was agreed that Chester and Dean would evaluate alternate places to put our CDs so we get better rates. The audit has been started, and a report will be presented at the March meeting.

Ken Jochim noted that we have a new Safety Rules poster, and it will be posted at the field once the snow melts.

Chester and Ken reported on a Safety audit performed at the field the previous week. The following items were noted as needing attention at a future work party: Flight tables –some loose or missing boards; Yellow line needed on the step in the shelter; X's need to be painted on the runway; replacement of a loose board on the side of the shelter. Also noted but not a safety item was the suggestion to replace the faded lexan cover on the large sign on the west side of the shelter. There was a discussion on the need for additional gravel, and it was agreed that we would just relocate existing material.

Chester had sent a note to the city on the items, and reported on their response.

Al Coelho reported we have 56 members, with 20 float fliers. He noted the combination locks would be changed the following week. See your 2018 membership card for the new combo.

Old Business:

It was noted that the sign near the road does not agree with the current field hours. It needs to be corrected or removed.

The new training outline was discussed and is under review.

Boat registration with the state and the city is complete. The Reservoir People will install their new sticker the next time we bring it to the reservoir.

David Goodnow has agreed to coordinate the annual picnic. The officers will review the Reservoir calendar to look for conflicts and pick a date. Ken Jochim agreed to assist with setting up the fun fly events.

New Business:

The Glider launch area on the old maps is located in an area that was closed last year due to Burrowing Owls. There was a discussion of where to relocate it to if the area is again closed. Check the web site for the current open areas.

Chester reported on the District 9 Officers meeting that he attended. It was noted that the requirement for FAA registration has been reinstated, and members need to make sure their aircraft have both AMA and FAA numbers. People without these stickers are in violation of the AMA safety code and may not fly at the field, as it voids their AMA insurance.

Chester also noted that he would check with the Boulder airport manager to introduce himself.

Dean Ehn made a motion to adjourn at 7:44 pm
Motion approved.

For show and tell, Ken Jochim brought a hovercraft made from parts of a small quadcopter, combined with some 3D printed parts made by Al Coelho.

Respectfully submitted,

Ken Jochim
Secretary

Classified: Battery for Sale

\$20: Admiral Pro Series 2200mAh 4S 45C LiPo battery with Deans-style connector, JST/XH balance connector. Battery is 2 years old but is in great shape: never flown, roughly a dozen cycles during bench testing. Stored properly, well balanced, still charges to 4.2V per cell. Call Keith at 720-487-0077.

This month's birthdays:

Gerald DePoorter

Steven Engelking

David McClintock

Michael Farnsworth

Next Meeting 6:30 PM, Wed Mar 14th, at HobbyTown USA Longmont.

THE INVERTED FLYER

Editor: James Mack

The Inverted Flyer is published monthly by the Boulder Aeromodeling Society as a service to its members. Submissions for publication are encouraged and can be but are not limited to: articles pertaining to Aeromodeling, letters to the editor, short news items of general interest to BAS members, and announcements. Space permitting, all submissions will be published except as follows: no anonymous letters or

any submission containing morally objectionable content or language, as judged by the editor. Classified ads will be provided to the members of BAS free of charge. The deadline for all submissions and classified ads will be the first of the month for publication on or about the first Wednesday of the month. Opinions expressed in the Inverted Flyer are not necessarily those of the Boulder Aeromodeling Society general membership.

E-mail jmack@jmack.net

This form may be filled out on your computer and then printed, or you can print it and fill it out manually.
