Newsletter Editor	Ken Miller	303- 776-4417	<a href="mailto:rockytopkjm@msn.com">rockytopkjm@msn.com</a>	

### BAS MEETING MINUTES

#### **Chandler Field, August 13<sup>th</sup> 2008**

Meeting called to order by President Greg Hine at 7:00 PM. With 21 members and guest present. Greg asked for a motion to accept last months meeting minutes as they appeared in the last newsletter.

Motion was made by Tony Kilwein with a second by Augie Bruno to accept last months meeting minutes. Motion was voted on and passed.

**TRESURE REPORT**-- Treasurer Ken Jochim was not present so no report was given.

1<sup>st</sup> Vice President, Augie Bruno, reported that the club now has 101 members.

**OLD BUSINESS**-- No items were discussed.

Fly it like it's rented.....

**NEW BUSINESS**-- Greg stated the contract with the City of Boulder expires in February of 2009 and we as a club should start discussing the items in the contract we want to add or change. A discussion followed with some of the changes to the contract. The Club would like to add a helicopter landing pad. Its size would be 15'x15' to the north side of the east west fence. Material for pad would be a plastic mesh similar to landscape fabric. Another change to the field would be to change the parking in the horse-shoe parking area to allow for more vehicles to be parked closer to the shelter area. Augie stated he had a request from a member to fly a gas turbine at our field. The Club rules are not specific on this matter. A discussion followed about the AMA rules for having fire fighting equipment at the field when a turbine is using the field. Dean Ehn made a motion with a second by Wendell Wickstrom to not allow gas turbines to use our field. The motion was voted 13 yes and 3 no. Motion passed. Greg stated that at 9:00 AM Sunday September 14 Our district AMA Vice President Mark Smith and associate Vice President Jim Wallen will be visiting our field for some flying and goodwill. Greg asked for a volunteer to make a presentation to the Frazer Meadows Retirement community about RC flying. Jay McDonald stated he would take a helicopter and give a demonstration of how and why it flies. Greg asked if we should have a fun fly in October. No interest was shown by the members. Discussion was held on the field closure on August 25 thru 28 by the request of the FAA and AMA due to the Democratic National Convention. Any new developments will be e-mailed to members. A discussion was held on where to hold the next meeting. Motion by Dean Ehn with a second by Ken Miller to have the next meeting at Hobby Town USA in Longmont. Motion voted and passed.

Motion to adjourn by Augie Bruno with second by Mel Kooy. Motion voted and passed.

**SHOW AND TELL**--Steve Croft displayed a World War 2 Norden bomb sight. This machine is still functional and he

showed us how it was used. Thanks Steve you have an interesting piece of aviation history. Boris Sergeev also showed us on his laptop pictures of a German Air Museum he visited close to Munich Germany.

Respectfully submitted Rudy Glick.

**Steve Croft** hands on, displaying his WW II Bomb Sight. Dean Ehn and Ken Miller looking on.

### New Business

Approximately 50 volunteers working for the County will be on or around the field from 9AM-2PM on Saturday, Sept. 13 to complete the weed removal project begun back on August 20th. These volunteers may be using our parking lot and porta-potty as well as crossing the runway and flyover areas. Although the field will be OPEN to flying during this activity, it is requested that all flyers display courtesy and EXTREME caution during this operation, following all field and AMA safety rules and using common sense. The BAS officers are confident in everyone's ability to get through the day without incident or injury.

Thanks for your support,  
Augie Bruno, VP

### Flying Field Hours

Weekdays 9:00 AM till Dusk  
Weekends 10:00 AM till Dusk  
(No Exceptions)

## ANNOUNCEMENTS

At the last Club Meeting, Greg Hine asked if anybody would volunteer to present our hobby to the Frasier Meadows Care Facility residents. Jay McDonald volunteered and organized a presentation.

On Saturday, August 16, Jay McDonald, Richard Myron and Al Coelho gave a presentation including helicopters, airplanes and engines to about 25 Frasier Meadow residents. It was an indoor presentation which did not include any flying. The presentation lasted about an hour and was well accepted by the attendees.

More pictures are available on the Club's website in the photo gallery.

Al Coelho

Frasier Meadow Care Facility resident, Boulder

The web site has been moved to a new address at <http://www.boulderaero.org/>.

We still have some caps for sale with the club logo. Caps are \$12 each in blue/white or red/white. Contact Ken Jochim or come to a club meeting to learn more.

There are parking spaces at the field marked and designated as handicap parking. We've been notified that if City Park Rangers see vehicles parked in those stalls without a proper handicap tag displayed they will start issuing violation tickets. **The fine for this type of ticket is \$125.00.** All members need to be aware that, if you park in a handicap stall without a tag and a ranger comes by, it could become an expensive day of flying.
